Write of resignation

Estimats Zuávs da l'Altahál Rexhitál,

I hope this write reaches whoever is the current head/captain well. Recently, I've found myself unmotivated to do anything in this wonderful Kingdom. That partially stems from my actual, albeit somewhat sorry, life. I haven't been doing that well in school, I have disappointed my parents and I wasn't the nicest to many people I personally know. As much as I want to do something for Talossa, I don't get any ideas whatsoever, even if I try really hard. So, as much as it hurts for me to say this, I would like to resign from the Zouaves. I have multiple reasons for my decisions, which are:

1. As mentioned before, I'm completely unmotivated to do anything.
2. Following point one, what's the point of me being in the Zouaves if I'm not doing anything?
3. Following point two, there's nothing really happening in the Zouaves anyway (at least from my point of view) and I'm just existing.

With that, I hope that whoever is the current head/captain acknowledges my decision and acts accordingly.

Cün respectù dü,
Barclamiu da Miéletz
